

Tuesday 26 May Day 58 of the garden journal

26/05/2020

Chives and parsley with bee in the morning sun.

Vivien Ford

26/05/2020

Just to mark the passage of time, this must be the second new moon of the lock-down period. ...

Alan Kenworthy

26/05/2020

... And just to show that beetles are pollinators too, a thick-kneed flower beetle on white campion.

Alan Kenworthy

26/05/2020

Fire in the borders! Nasturtium - edible and good for bumblebees - win, win. ...

Alan Kenworthy

26/05/2020

... The first serious poppy of the year. I don't remember planting any seeds here, but it is disturbed ground so maybe it's come from dormant seeds.
