The Rotary Club of Rye & Winchelsea

Date: 14th August 2020

Hello,

RE: the Rotary Club of Rye & Winchelsea – Community Walk 6th September 2020

In previous years you have kindly supported our walks traditionally held in May. I write in these unusual times to ask for your support for our upcoming event, and invite your organisation to join our Community Walk to be held on Sunday 6th September 2020.

This year we are keeping things simple with a choice of two walks one of 4 miles and the other of 8 miles between Rye and Winchelsea. The routes have been chosen to enable the implementation of various controls and guidelines to help ensure that walkers can remain socially distanced and safe throughout.

Entry this year is by donation for all walkers, but as a change to the norm, if you're also raising money through sponsorship, then Rotary will send 100% of the money raised to your chosen charity or organisation.

All funds raised by the Club will be distributed to the local community, such as the Rye Food Bank or Rye Community Transport. Additional posters and entry forms are available from ryerotary@gmx.com.

I would also like to bring to your attention a local businessman who is selling masks direct to the public with a donation of £2.00 to the Club for each box sold. This money will then support local Rye & Winchelsea charities and good causes.

To purchase face masks please check out the website: www.surgimasks.com and help support our local community.

I appreciate that it is difficult to arrange for groups of walkers at such short notice, but we are reacting to these current uncertain times and I look forward to seeing your organisation on Sunday 6th September and don't forget to check out the mask website.

Kind regards

gareth mitchell

Gareth Mitchell
President the Rye & Winchelsea Club
