3430. Community Infrastructure Levy (CIL) Survey

The proposed response was reviewed, **it was unanimously resolved to agree the amended response.** The council supported the idea that parishes that had not received large amounts of CIL or would not receive any CIL would benefit from being able to apply to the strategic fund and suggested that the financial threshold for applications to the strategic fund should be dropped to £10,000. Therefore match funding from parish councils could not only come from CIL funds.
